Marathon Team Relay Rules and Guidelines

- Each Team will consist of up to 5 runners. A Team can have as few as three members competing; however, this will require that some Team members run two consecutive legs. For example, if a Team has only three members, the first runner may run the first two legs of the relay and the second runner may run the next two, while the third runs the final distance to the finish line. If a Team has four members, one member must run two consecutive legs of the relay.
- All Team members must be registered by the entry deadline of March 30, 2012 (Note: Team Relay participants do not fill out individual entry forms.)
- Participants can choose to compete on an "All Men's Team," "All Women's Team" or a "Coed Team."
- Each Team will be given one velcro strap timing chip that will be passed from Team member to Team member at each of the relay exchange points. The Team timing chip with the best time in each division will be declared the winner.
- The Relay Team members will run the same course as the Marathon field, under the Ekiden format. See chart to the right.
